

CORPORATE CARE

In this very demanding climate where employee expectation are higher than ever before Bohemia Counselling is able to offer high level interventions.

A modern workforce is entitled to the most up-to – date modern care.

At Bohemia Counselling we are able to provide short or long-term Humanistic Talking Therapies with focused goals maintaining the clients’ state of wellness and ability to fully engage with their experiences.

Most of us spend approximately a third of each week at work with the impacts of what and how we are at work pervading the remaining two thirds.

This gives us a clear view of how important our working life is.

Added to which the fulfilled and positive employee will, in the main, be the most efficient and useful member of staff.

A very clear picture of why employers should take this vista of care for their staff as one of the most important consideration in many Human Resource issues.

The same is also an important understanding when clients prepare for work after illness or unemployment.

To find out more of how we can help, the cost, availability and any other questions you may have please contact:
